

FUJITRANS LOGISTICS PHILIPPINES Expands Coastal Shipping Business in the Philippines; Second RORO Vessel Begins Operation

FUJITRANS LOGISTICS PHILIPPINES, Inc. (FTLP), announced that its second ship, "PEARL ORIENT", started its service on December 7, after completing the trial operation.

"PEARL ORIENT", a new weekly service calling on Batangas, Cebu, and Davao, has an increased loading capacity compared to the first ship, "PEARL ASIA", and provides a wider range of transport services. With the launch of this new service, the existing "PEARL ASIA" service has changed its call to Batangas to Wednesday.

FTLP will keep working to expand transportation services between the major cities utilizing the two vessels.
