

FUJITRANS LOGISTICS PHILIPPINES, INC.

Total Logistics Service In the Philippines

**Door-to-Door Service,
From Foreign and Domestic designated place
to all over the Philippines.**

Company Profile

FUJITRANS LOGISTICS PHILIPPINES, INC.

Situated in Santa Rosa, Laguna, we offer logistics optimization in line with customers' needs, from comprehensive supply chain management to individual logistics process improvement. Equipped with our owned Car Carrier Trailer Trucks and a Pure Car Carrier Ro-Ro Vessel which can also load heavy industries equipment, we can provide safe and high-quality transportation services of vehicle cargoes via land and sea. In addition, we have a track record in transportation and installation of large equipment, so you can count on us to deliver scheduled, quality and cost-effective services.

Case Studies

Domestic Car Carrier Haulage

FUJITRANS is equipped with its own units of car carrier trailer trucks and vessel designed to efficiently transport CBU units safely and securely to help clients maintain its freshness and keep original physical condition from pick-up point up to drop-off.

Domestic and International Freight Forwarding and NVOCC

FUJITRANS, alongside its domestic and overseas partners, strategically handle shipments with urgency and thorough care to provide optimal solutions to the needs of both local and international clients. We are capable to handle Sea and Air Freight, customs clearance, haulage, unloading and positioning of cargoes such as machines at your client's site safely.

Logistics and Warehousing

FUJITRANS, with its background and proven know-how in logistics and warehousing aims to provide clients effective services to attain quality improvement in terms of methods and processes while applying the best innovative practices in the industry.
